

# KINGHAM HILL MAGAZINE

MAY, 1932

## Chronicle of Events:

- 1—Kingham Hill.
- 2—Latimer House.
- 3—Havelock Farm.

## FOREWORD.

I HAVE been requested to say a few words for the new number of the Magazine, and "Change" shall be my subject. Of course, in a work like that at Kingham Hill, there must be a certain element of change. The very fact of a constant stream of boys passing through the Homes, suggest that element of itself.

"But boys may come and boys may go,  
But Kingham Hill Homes go on for ever."

And as long as the lovers of change are not too insistent, we may pray and hope that the Homes on Kingham Hill will go on flourishing for many a year, an object of affection to Old Boys and Young Boys.

One of the saddest features of change is that which meets the eye in the landscape, the rising up of innumerable numbers of hideous little houses, too ugly ever to be looked upon as homes, and also the cutting down of glorious old trees, and so spoiling the fair face of our English countryside. May Kingham Hill be spared the devastating touch of such spoilers.

A. W. Y.

*We wish to call the attention of our readers to the appeal for subscriptions to the proposed Memorial to the late Rev. W. Mitchell-Carruthers, particulars of which will be found at the end of the Magazine.*

## HARVEST FESTIVAL.

OUR Harvest Festival was held on Sunday, October 18th. We thank all who helped to decorate our Chapel and also those who sent flowers.

At the Morning Service the Rev. C. R. Forrester gave the address; his subject was taken from Psalm 16.

In the Evening Service the Rev. Graham Browne, Principal of Wycliffe Hall, Oxford, gained the interest and attention of all by his earnest address, which was taken from Psalms 116 and 134.

There was a large attendance at both services, and the Collection, which amounted to £4 1s. 1d., was sent to the Chipping Norton War Memorial Hospital.

## ARMISTICE DAY.

ON November 11th, Armistice Day, a Service took place in the Chapel for the observance of "The Two Minutes' Silence."

## CHRISTMASTIDE.

CHRISTMAS on the Hill was a time of great happiness. Boys were busy for some days decorating their houses, with the result that on Christmas Day they looked quite gay. Young and old seemed bent on making each other happy. The postmen groaned under their heavy burdens, but even they caught the feeling of joyfulness. It was indeed a most happy and merry time.

Our Chapel looked quite nice with its evergreens, texts, etc., and we thank Mr. G. Bond and all those who helped in this loving service.

We had our Carol Service in the afternoon at 3 p.m. The Carols so well remembered by all Old Boys were sung, and Mr. F. G. Goddard sang to us in his usual good style the Carol, "Hail, sweet Babe."

The evening was spent in the usual Christmas way.

Next day witnessed the distribution of gifts from the Christmas trees at "Bradford" and "Clyde." Mr. Arthur Young and friends came over to this distribution. All were pleased to see them.

The holiday feeling went on during the following week. Mr. G. Bond organized a very successful afternoon's enjoyment at the School and gave the boys a very good time. We thank him, Mr. Fryer, Mrs. Carter, Mrs. Michie, Mrs. Edginton, Miss Scarfe and others who assisted, also Mr. Kinahan, who was present and took a keen interest on this occasion and right throughout the holiday activities.

In the evening the Scouts gave an excellent entertainment, which consisted of short sketches and songs. All present enjoyed the evening.

One of the features of this week was a Paper Chase in which Mr. Meehan led the hares and Mr. G. Bond the hounds.

It resulted in a very good run and the hares arrived home twenty minutes in advance of the hounds. The course started from "Sheffield," led up to Daylesford Cover, through the Copse back of Severn House, thence to the Swimming Bath, following the Brook, along Red Lane, on to "Plymouth" (where paper ran out), and then back to "Sheffield."

Other events, such as concerts, etc., are dealt with elsewhere in the Magazine.

#### **MARRIAGE OF MR. DOHERTY.**

**O**UR hearty congratulations to Mr. and Mrs. Doherty on their marriage. May God's richest blessing rest upon and sustain them in their work at Bradford House.

#### **RED-LETTER DAY.**

**J**ANUARY 9th was a red-letter day on the Hill. News was received that the three lads who had entered for the Oxford Junior Local Examination had all got through. We congratulate S. Ashton, John Maule and K. Townsend on obtaining their Certificates. It does them, the Staff and the School great credit.

#### **CONFIRMATION.**

**A** CONFIRMATION SERVICE was held in Chipping Norton Parish Church on March 9th at 6 p.m., when eleven of our lads were Confirmed.

The Bishop of Oxford gave a very helpful talk to the Candidates, in the course of which he emphasized the value of daily reading of the Scriptures, constant use of prayer, and regular attendance at Holy Communion.

The following are the names of our Candidates: S. Ashton, P. Bloomfield, Ch. Circuit, C. Edginton, A. Harrold, E. Hawes, D. Howells, F. Lambert, J. Maule, F. Sanson, K. Townsend.

#### **FOUNDER'S DAY.**

**F**OUNDER'S DAY, March 19th, is full of sweet memories to past or present residents of the Hill. One is full of thanks for the self-sacrificing efforts of the late Squire. As the years go on we realize more and more the good effect of the principles and Christian training of the Hill lads upon others;

and so we thank God and feel that the present lads, when their time comes to mix with their fellows in the world, will be worthy of the great trust committed to them.

### BOAT RACE.

THE "boat race" took place on dry land, and resulted in a win for Oxford. After which the usual tugs took place. The teams were composed of ardent supporters of Cambridge and Oxford.

We then adjourned to Form VI. Class Room—young boys, old boys and several ladies. Quite a happy assembly for a room generally devoted to hard work and study. Nevertheless we were thankful to our Head Master and the Staff for once again inviting all to listen to the broadcasting of the most thrilling of all races. We settled down and listened while Mr. G. Bond, with the aid of a chart of the course, guided us through the Race.

One thing we were specially pleased to hear was the comment concerning our friend, Mr. Sergel, who was with us last autumn, that he was one of the best oarsmen of the two crews and had rowed splendidly. We asked Mr. Kinahan to write him and say how proud we were to hear his name picked out for such great praise. He wrote back, and we treasure his reply, which is in our Library.

On the previous afternoon the usual football match between "Oxford" and "Cambridge" took place, and this event was won by "Cambridge."

### GOOD FRIDAY.

ON Good Friday we had our usual Service in the Chapel. The address was given by the Rev. C. R. Forrester.

In the evening we met in the School Hall to hear an address on the Miracles of our Lord given by Mr. R. Fryer. The lesson taught in each case was brought out in a very interesting and impressive manner. The address was helped by pictures thrown on the sheet by the lantern, which was manipulated by Mr. F. G. Goddard.

### KINGHAM HILL SCHOOL.

#### Autumn and Easter Terms, 1931-32.

THE number of boys now in the School is 112, ten more than a year ago, in addition to 30 boys at Norwich House, who attend evening classes.

The evening session ended with the examination held in April for each of the Norwich Forms—Senior, Intermediate and Junior. The names of the three boys who took first place in this examination will be announced on Prize Day, August 4th.

During the past two terms steady work has been done by most boys in both the Upper School (Forms IV., V., and VI.) and the Lower School (Forms I., II., and III.).

Three boys, S. Ashton, J. W. H. Maule, and K. N. V. Townsend, entered for the Oxford Junior Local Examination in December, 1931. All three were successful.

Kingham Hill was the only School from which three boys passed this examination at the Oxford Centre.

C. R. F.

**Norwich House.**

As our House was being overhauled and redecorated, we were still at Durham House when the Festival of Christmas was celebrated.

The spirit of Christmas is one of great happiness and joy, and although we were cramped for room, we certainly had a good time. Everything had been arranged for our enjoyment, and justice was done to the "good cheer" that is called for on this great occasion.

In the School Hall, which had been kindly lent to us by the Trustees, a Christmas Party was arranged, and this proved successful. The Concert arranged by some of the older fellows provided good entertainment for all invited. Our thanks are due to the Trustees, also to Mr. and Mrs. Rose who, as on many other occasions, helped to give us a real happy time.

In the beginning of February we returned to Norwich House. Our old home, after the work which has been done, looks very nice and comfortable. Naturally, we were all glad to be back and settle down again.

The Billiard Table, which has been generously given to us by the Trustees, has been greatly in demand, and already some of the lads can use the cue very well and give promise to become talented players. A Tournament, which was arranged by Mr. Rose, was held. After many games had been played, J. Beer and S. Shorter were left in to play the Final. This provided quite an exciting and interesting game. For some time the two players kept close together and the issue was very doubtful right up to the end of the game. Eventually J. Beer ran out the winner by 150 points to 149 and became the Champion. H. Pawson, who was in the Semi-final, made the highest break—24. We look forward to some good games in the future, and once again thank our Trustees for providing a means of enjoyment in our Home.

We were pleased to have staying with us for the Easter holiday Bert Anderson (Royal Engineers) from Salisbury and Bob Jenner from Latimer House.

Now that the football season is over we are looking forward to the cricket field, where we hope to have many matches (weather permitting).

We, with others on the Hill, were pleased with the fine victory of the Hill over Latimer in the annual football match; at the same time we must give credit to the losers for the splendid effort they made, and trust that many such like games will be played in the years to come.

F. DUDLEY.

**Sheffield House.**

**B**ANG! Crack, crack, crack! Bang—bang! "That was a good one." "Look out, chaps. Here is an aircraft signal." "Another dud! No more of Mrs. — fireworks; half of them are duds." These and other such-like remarks were made on November the Fifth when, under a bright starry sky, we celebrated the anniversary of Guy Fawkes. About a hundred fireworks were let off, and the louder they were the more popular they were with the boys. We know this date will bring back happy memories of former years to those brothers across the seas where there is no "Guy" to burn.

On November 11th we helped in the Band Concert by producing a Sketch entitled, "The Family Group." John Maule made a good photographer, Stanley Ashton was a very efficient Granny, while the group, which was impersonated by T. Herbert, Guy and Kenneth Townsend, M. Rose, was worthy of the highest praise.

The Family Group succeeded in getting the photographer in a great rage with their repeated interruptions and the spoiling of several plates. The climax was reached when the remark was made that Granny had not intended to have the photo taken, but had only come in to get out of the rain.

Christmas-tide came attended with the usual good things : plum-pudding, mince-pies, etc. ; a gift of a shilling was made to the boys by Mr. Kinahan on behalf of the Trustees ; the distribution of parcels to their owners. After which games were indulged in, interspersed with songs.

Mr. Arthur Young paid us his usual visit on Boxing Day. He stayed a long time while we sang carols and songs. He was accompanied by Mr. Allan Young, who never misses the opportunity of visiting the boys.

Pancake Day soon came round. It is needless to say that no guineas were given away for the largest piece.

After a very successful season and many good games, football is over and we shall soon be at the nets on the cricket field, practising some of the professional strokes.

Wet weather prevailed during the Easter holidays, but some very good games took place in the Gymnasium, where we have started playing Badminton. Some of the boys are now becoming quite proficient at this game. A "Paper Chase" was held ; Jack Millard and Guy Townsend were the hares and they gave us a good hour's run and succeeded in reaching home without being caught.

Tony Herbert, having reached the age of fourteen, has left and gone to reside with his sister in London. He came to Durham House, which was then under the care of Mr. and Mrs. Davies, at the age of five and was so small that he could walk upright under the kitchen table. We are pleased to hear that he is attending Evening Classes, thus keeping up his lessons ; also he has made a good start.

T. Lambert, E. Quartermaine and E. Beer have also left and gone to Norwich House.

We wish them every success in their new life. The number now in residence is thirty-six.

F. MEEHAN.

### **Bradford House.**

THE time of our Chapel Evening Service being altered during the winter months, gave us the opportunity of visiting Daylesford Church, a privilege we enjoyed to the full.

Summer ended and with it the vanishing of the cricket season, caused all eyes to be turned to the all-important football. We had three matches all on our own, against Milton Life Boys, and divided the points with our opponents ;

as a sequence of such, members of our team are now viewing the matter with a "professional" eye!!

Guy Fawkes Day saw us at Kingham Village to see the bonfire lighted, also to spend our spare cash on fireworks, etc.

Preparations for Christmas were commenced early in December, the most important being our shopping days, when we walked to "Chippy" (and back!) on three different occasions, to see the shop windows and purchase presents and cards for our friends. Decoration-making was in full swing, when Mr. Young honoured us with a surprise visit, much to the delight of the juvenile decoration manufacturers.

Christmas was a very happy time, especially Boxing Day, when we had our Christmas Tree, and "Santa Claus" [so admirably impersonated by Mr. Pawson (Norwich)] mysteriously appeared with not only a gift, but a kind word for every boy.

In January we had an encouraging word from Search Texts ("Every Land Magazine") congratulating boys who are taking part in the Competition. May the interest aroused not end in striving to obtain a temporal prize, but to each boy the means of gaining the only Prize worth having—the Lord Jesus Christ as his own personal Saviour.

The greatest feat of the Easter holidays was a walk to Stow-on-Wold, while our "Own" Draughts Competition, run in opposition to one held in the Library, was greatly enjoyed. Cecil Wiles, 1st; R. Warner, 2nd; N. Hawes, 3rd; being the prize winners.

A. P. DOHERTY.

### **Clyde House.**

**A**BOUT the year 600 B.C. there was wafted into the air of Babylon the music of a famous band. History is said to repeat itself and in the year A.D. 1931 the music of a modern band was wafted on to the air-waves at Kingham Hill. "At the sound of the trumpet, flute, pipes, whistles, clarionets and mouth-organs" we awoke to find it was Christmas Day! Our good friend Father Christmas had mysteriously filled each bulging sock and in each was some kind of musical instrument. On Boxing Day we had another visitor, a wee elf from Fairyland, who found a plentiful supply of parcels in his little snow-covered hut with which to make merry and entertain his friends the "mortals."

Last summer proved so disappointing for picnics that when two sunny days came along in "dull November" we thought to make the best of them. On half-term Monday, November 2nd, we took our dinner and a football to Chastleton Common, and on November 28th we hastily packed a bag of lunch for each laddie and set off as soon as school was over to spend the afternoon out of doors. We picnicked sitting on the fence of some allotments. I have not yet heard if the people of Adlestrop were afraid that an army of black crows had invaded their gardens, but I dare say we would not have found much in them, at that time of year, save worms!!

The yellow team again proved the victors in the football, though the second

match was very closely contested and finally proved a draw. We are sorry to have said good-bye to our two first captains, as S. Wiles (yellows) and D. Peters (reds) have passed up to Durham House. Our new captains have been duly elected by vote. R. Wiles succeeds his brother and P. Millard is the Red Leader. We wish them both good luck, but above all, a truly sporting spirit, as they lead their opposing teams forward.

G. PHILLIPS.

### CONCERTS, LECTURES, Etc.

**W**E express our gratitude to all who took part and helped in various ways in carrying out the Winter Programme.

The Session opened with a Lecture on Africa, illustrated by views, given by the Rev. L. T. McClintock, whom we are always pleased to have with us.

On November 19th a Concert was given by Mr. Swann and a party from Chipping Norton. At this concert a Sketch entitled "The Family Group" was given by the "Sheffield" boys. This was given in their usual good style and received great applause from the audience.

Messrs. H. Stoddart and Johnson with a party from Hook Norton came over on November 25th and gave a delightful evening, which was much appreciated by all. We hope they will come again.

The Rev. Lionel Cholmondley interested us greatly in his Lecture on "Politeness in Japan," on December 16th.

On December 23rd we had an enjoyable Concert given by residents on the Hill.

On December 30th we had a Punch and Judy Show, which afforded great amusement to young and old. This was preceded by a capital conjuring performance.

A Band Concert was given on January 27th, at which the Scouts gave a Sketch entitled, "The Chief." A Scout, impersonated by J. Berry, was lying ill in a house and was awaiting the fulfilment of a promised visit from the chief, when there entered a tramp (L. Abbey), who heard his longing; and, as the Chief Scout was ill, determined to be his deputy, and so impersonated the Chief Scout that it quite satisfied the boy, though it was very helpful to have a copy of the Scout Law hanging on the wall to which the tramp referred to when necessary. Altogether the Sketch was well acted and great credit is due to all who took part.

An intensely interesting Lecture was given on February 4th by Mr. Wilkinson, dealing with the Arctic Regions. This was illustrated by pictures thrown on the screen by the lantern.

On February 11th a Concert was held, at which friends of Mr. Kinahan took part and included a Sketch rendered by friends from Chipping Norton. We were pleased to have Miss Cholmondley with us on this occasion and thank her for the recitation she gave in such an effective way.

A Dicken's Recital was given by the Rev. Runnels-Moss on February 18th. The wonderful way in which he caused these famous characters "to live" gripped the attention and interest of all. We are looking forward with pleasure

to have another enjoyable evening with the Lecturer in the coming autumn.

A Lantern Lecture was given by the Rev. C. R. Forrester, on February 24th, in which he described the various processes undergone by a twopenny bar of chocolate—from the bean on the cocoa-tree until it is dispatched from the well-known works at Bournville.

On March 30th a party from the Chipping Norton Gymnasium came over and gave a very fine display in our Gym, which was enjoyed by all who were present and also by the performers.

Our last Concert of the season was given by our Cubs and Scouts. This was one of the best that has been given in our Hall.

The dresses and effects were very well got up, and the way in which the several items were rendered reflects great credit on Cubmaster Mrs. Michie and Scoutmaster Harwood. Special mention must be made of the valuable assistance rendered by Mrs. Edginton in the musical part of the programme. The various Sketches by the Scouts, viz., "The Monkey Surprise"; "The Awkward Squad"; "Boadicea"; "The Toy Shop"; and "One Alarming Night"; kept the audience enraptured. There was not a dull moment. The Recitations included "The Perfect Scout," "Bobs," "If," "The King's Job," "Tim goes a-Hiking." The items contributed by the Cubs were as follows: "Daisy Belle," in which J. Carter as a gentleman and A. Matthew as the "belle," was rendered in such a manner that it brought down the house when they rode off on their tricycle made for two. The duet, "Where are you going to my pretty maid?" was effectively rendered by J. Jarvis, who made a perfectly "pretty maid," and J. Carter was quite successful as an ardent wooer. The "Waxworks" was very well arranged, the actions, singing and dresses were of the highest order. We look forward to having a repetition of this enjoyable concert.

### SCOUTS.

THE Scouts started their autumn and winter programme with a Treasure Hunt. This had been very carefully and well thought out by Mr. E. Bond. It will perhaps be of interest to Old Boys if I give a summary of the incidents connected with the hunt. It was followed with great interest by Mr. Allan Young and Mr. Kinahan.

The three Patrols—Eagles, Otters and Buffaloes—started from the Scout Room, and the first clue was picked up in the farthest corner of the Bath field; then they proceeded along the road to Cornwell, through which they passed until they reached the sign-post at the crossroads, indicating Stow—Chipping Norton. It was here they found the second clue. The third was gathered off a tree in the cover behind Severn House. This led them to Plymouth House, where from a pipe on the wall was hanging a fourth clue. On they went to Churchill, and obtained the next clue from the wall opposite the policeman's house. This clue sent them back to a tree in the Copse near the Workshops, where they eventually found the Treasure.

The Buffaloes won the prize, given by Mr. Kinahan. This enjoyable afternoon was brought to a close by a tea in the Scout Room, at which Mr. Allan

Young said a few words to the Scouts.

On October 20th the Scouts attended the investiture of our first party of six Cubs, which took place in the School Hall. The ceremony was in the capable hands of the Hon. Miss Corbett, supported by our Cubmaster, Mrs. Michie.

It was decided to start another patrol, which came into being on November 9th, and was named the Beaver Patrol. G. Rawley was made Leader with S. Ashton as his second of this Patrol. Our number was increased to 28.

Our winter activities included items such as "First-Aid," "Map-making," "Good Turns," etc.

Throughout December we were preparing for a concert to be given at the School Party during the Christmas holidays. At the same time the newly-enrolled Scouts were getting through the work necessary for their enrolment by Mr. Impey, District Commissioner. At the same time six more Cubs were enrolled.

On January 6th we had our annual Supper, at which a short musical programme was given which was enjoyed by all.

The Shield was presented on February 3rd by the Rev. C. R. Forrester (Chaplain to the Scouts) to the Eagle Patrol, who had gained the most points in 1931.

We were now busy preparing for our Annual Concert. This year we were fortunate to have the assistance of our Cubs.

We had a "Scouts' Own" on February 28th, at which our Chaplain, the Rev. C. R. Forrester, gave a very helpful address, his subject being "Sanctification and Unity."

On Sunday, March 20th, another "Scouts' Own" was held. Mr. Kinahan gave an encouraging and inspiring address on "The Talents."

Three of our Scouts were examined for their Ambulance Badge by Canon Stansfield of Spelsbury. Though they failed, they are determined to have another try, and this time we sincerely hope they will succeed.

On April 6th we gave the Group Concert which, according to reports, was enjoyed by all.

Another "Scout's Own" was held during April, when the address was given by Mr. R. Fryer, who took for his subject, "Christ before Pilate."

The Scouts have played football matches with the following results:— Played 10, Won 7, Lost 2, Drawn 1. There are quite a number of promising players in our team.

We are now very busy getting ready for our Camp, which is to be held earlier this year; but we trust, given good weather, it will be very successful.

The place chosen for our outing is Colwell Bay, near Yarmouth, in the Isle of Wight.

Subjoined are details supplied by Mrs. Michie, Cubmaster:—

On October 2nd our pack was increased by the joining up of six boys.

We were very pleased to have the Hon. Elsie Corbett, Secretary of our Association, with us at the enrolment of six Cubs on October 20th.

On December 10th the pack received a further addition of six boys.

Mr. Impey (District Commissioner) enrolled four boys on January 20th

The following five boys were examined by Scoutmaster Harwood and Assistant Scoutmaster Hughes, who commended the work done by them in obtaining their first star. All five passed with credit.

Their names are : H. Widdows, D. Roser, T. Berry, Mackenzie.

On February 25th the following boys were made second : Harry Widdows, Tom Berry and Denis Roser.

The number in the pack is now twenty-four.

V. HARWOOD, *Scoutmaster*.

### FOOTBALL, 1931-32.

THE Football Season has not been a very satisfactory one from a League "point" of view. We finished the season not too near the top (there are eight teams in the League but it looks better when written like this), obtaining nine points out of a possible thirty-two. Our record is : played 15, won 3, lost 11, drawn 1. One fixture was not fulfilled owing to the non-appearance of the enemy.

Thirty-four goals were scored for us, of which J. Hughes obtained ten and A. Newman five ; while forty-eight were registered against us.

We enjoyed some very good football however, and many a hard tussle was witnessed by the spectators. We are not downhearted by any means, in spite of our losses. We shall come up smiling next year, and no doubt do better after the first season's experience in our new League.

We also entered for the Chipping Norton Hospital Cup and the Oxfordshire Junior Shield. In the former we steered through the 1st Round, beating Great Rollright by 2-1, only to be knocked out by Milton, 0-2, in the 2nd Round. In the 1st Round of the latter we drew a bye, but met our fate at the hands (or feet) of Wardington, who defeated us 2-5 in the 2nd Round.

Thus faded our hopes of a Supper at Norwich House.

The Results of the games are as follows :—

	H.	A.		H.	A.
Middleton Cheney ...	0-1	2-3	Deddington ...	4-2	3-3
Tysoe ...	6-3	0-2	Kings Sutton ...	2-5	2-4
Chipping Norton Church			North Newington ...	1-3	5-3
Army ...	0-3	0-3	St. Leonard's ...	No game	1-3
Adderbury ...	3-5	3-5			

There was a large number of spectators to witness the match between Latimer House and the Hill on Saturday, April 30th.

This game always arouses great interest among all living on the Hill and even, to judge from the number of visitors present, of the immediate neighbourhood. As usual a good, clean sporting game ensued.

The Hill fielded the same team as last year with one exception, the outside left ; Latimer made several changes.

Early in the first half of the game the Hill obtained the lead and goals for them came at regular intervals.

Several breaks through by the Latimer left-wingers were made, but the Hill defence proved too strong and so came to nothing.

In the second half the Hill had obtained complete mastery of the game. Latimer now and then made some fine attempts to raid their opponents' goal. During one of these raids they scored their only goal.

The Latimer outside-left was remarkably good, while G. Lamb and R. Jenner were quite a tower of strength to their side. The Hill team were at their best and played well. Score: Hill 4 (Hughes 3, Newman 1); Latimer 1.  
G. BOND.

**SCHOOL FOOTBALL.**

**Inter-House Competition.**

**C**APTAINED by Ernest Hawes, Durham House succeeded in winning the Cup with the loss of only one point.

HOUSE.	PLAYED.	WON.	LOST.	DRAWN.	POINTS.
Durham ...	3	2	0	1	5
Bradford ...	4	2	2	0	4
Sheffield ...	3	0	2	1	1

*Results—* Durham H., 5. Bradford H., 0.  
 Bradford H., 2. Sheffield H., 0.  
 Durham H., 2. Sheffield H., 2.  
 Bradford H., 5. Sheffield H., 1.  
 Durham H., 5. Bradford H., 0.

Matches were also played as follows:—

School 1st XI.

- v. Banbury (Marlborough Rd. School)      v. Milton (Boys' Brigade)  
 (a) won 8 0      (h) won 10 0      (h) won 7 1
- v. Chipping Norton (County School II.)      v. Hook Norton  
 (a) won 6 1      (h) won 5 2      (a) won 9 1
- v. Banbury (St. Mary's Choir School)  
 (h) won 7 2      (a) lost 1 2

School XI. (under 12)

- v. Milton Life-boys  
 (h) lost 1 3      (a) won 5 0      (a) drew 1 1

J. H. H.

**CRICKET CLUB.**

**T**HE general meeting was held at Norwich House on February 22nd. Mr. Kinahan took the chair. The officers of last season were re-elected. There is a fairly good fixture list, and it is to be hoped that the weather will be kinder to us this season than it was last.

**BADMINTON.**

**T**HE Badminton Club was started on November 6th. The Gymnasium, where the Club met, had been specially lighted and our Trustees had done their best to make this Club a means of enjoyment for the Staff, also a place where one could have social intercourse with another.

There was a large number of members present on the opening night and a very jolly evening was spent. Refreshments were supplied by the lady members.

A game was played with the Bledington Club, which resulted in a win for the Hill.

A Badminton Party was arranged at which several members of the Chipping Norton Baptist Club were entertained.

A very interesting match was played against Shipton-under-Wychwood Club. A draw was the result.

The team representing the Hill on this occasion was composed of the following: Mr. Hughes and Mrs. Michie; Mr. Michie and Miss Goddard; Mr. Edgington and Mrs. Millard; Mr. Rose and Mrs. Ford.

We much appreciated the services rendered by our lady members in supplying delicious refreshments during this season.

WILLIAM MICHIE, *Hon. Secretary.*

**DRAUGHTS AND CHESS.**

**A** CHESS and Draughts Tournament was held in the Library during Easter Week. Several of the games had to be left for decision to the following week. The arrangements were in the capable hands of Messrs. Doherty and Fryer. Prizes were given to winners and the runners-up in each event.

The Results were as follows:

*Draughts.* Bradford House: B. Carter, 1st; H. Widdows, 2nd.

Sheffield House: J. Maule, 1st; A. Jackson, 2nd.

Norwich House: G. Kinder, 1st; F. Lambert, 2nd.

Inter-House: G. Kinder, 1st; J. Maule, 2nd.

*Chess.* Sheffield House: J. Maule, 1st; K. Townsend, 2nd.

Norwich House: G. Kinder, 1st; F. Lambert, 2nd.

Inter-House: J. Maule, 1st; G. Kinder, 2nd.

The prize, a portable Chess set, was given by Mr. Kinahan in the Inter-House Chess event, the other prizes by Trustees, for which we tender our thanks. We hope further interest will be taken in the game of Chess. Already it is being taken up in Bradford House, so we shall expect entries from them next season.

**OUR MONTHLY OFFERTORY.**

**T**HE Monthly Offerings in the Chapel from April, 1931, to March, 1932, amounted to £33 os. 4d.

The amount collected in the Missionary boxes was £10 17s. 4d., a little increase over that of last year.

£4 1s. 1d. was sent to the Chipping Norton War Memorial Hospital;

£1 to the Arctic Mission ; £5 for our share in Nadia, India, and £15 (with the sums contained in the "boxes") was forwarded to the Church Missionary Society to enable them to carry on their work and thus carry the Gospel to all lands.

### SAVINGS BANK.

**D**URING the year 1931, the number of Depositors was eighty-six, a considerable increase over that of the previous year. The amount deposited was £26 10s. 5 $\frac{3}{4}$ d., and the sum withdrawn during the year was £8 1s. 1 $\frac{3}{4}$ d., leaving £18 9s. 4d. standing to the credit of the Depositors.

Generous interest was given by the Trustees during the year to the amount of £4 13s. 0 $\frac{1}{2}$ d.

The Bank is now available to residents of Norwich House.

### GARDENS.

**A**S one walks around "Plymouth," the gardens and orchard, one is struck with the order of things. In front of "Plymouth" is a splendid bed of spring cabbage, which one doubts could be equalled anywhere else. Daffodils and other bulbs growing among the grass. Borders gay with wallflowers. Potato planting is finished, and the small seeds are showing forth in a promising manner.

In the orchard, a much-needed glass-house has been erected ; this, with the frames, should be of great assistance to Mr. Haynes and his men. There seems to be promise of abundance of fruit.

### FARMS.

**O**NE of the most interesting places on the Hill is our Farm ; and whatever the season, it always repays a visit.

Early in the autumn the Harvest Home was held, at which over forty connected with the gardens and farm staffs sat down to a sumptuous repast. Games and the singing of the good old English songs were indulged in, and a most happy and enjoyable time was spent, for which great credit is due to Mr. and Mrs. Edginton. Mr. Kinahan, who takes such a keen interest in both the farm and gardens, was present.

The Guernsey herd has been entered in the Pedigree Stock Book of the Guernsey English Cattle Society, the registered number being "Kingham Hill."

Several improvements are still being made at the farm : the erection of another Dutch barn, and improved accommodation for pigs.

Ladies from the County Agricultural Offices at Oxford come down and give periodical instruction to the lads in various details connected with the dairy.

Most of the ploughing and planting is finished, though the heavy rains which have been prevalent have hindered the sowing of the root crops.

Given fine weather there is every promise of good crops. Altogether the farm reflects great credit on the workers and those at the head.

**MAY DAYS.**

**H**OW these bright May days warm and cheer us after the bleakness of winter, As we take our walks abroad we see the glory and beauty of the earth in all its newness and freshness. The grass seems a fresher and brighter green, the hedgerow is in tiny leaf and the trees hasten to clothe themselves in rich foliage. Like a thousand candles is the blossom of each chestnut ; primroses and cowslips add colour to the scene, while the hawthorn and lilac scent the air. With what joy we listen to the song of the birds : as day dawns thousands of tiny throats break forth into song and continue to cheer and encourage us on our way. In the distance we hear the happy laughter of children going a-maying and long to join them in their revels.

These are the things which gladden the heart of man.

A. F. J.

**Sunday.****TWO PICTURES.**

**A**N hour, or maybe two, before sunset. Vagrant rays, subdued by the covering of a western window, glint sometimes on a blue shoulder or a white collar, but more often on a ledge or panel of oak, throwing into prominence little patches of golden brown. A great flood of light surrounds the open door, thrown wide because the evening is warm. Outside the birds whirr and twitter, and their shadows fall distinctly on window and wall, but within there is no sound except a voice—a clear, incisive, natural voice that seems almost too calm to reach the dim crowded seats far away at the back of the gallery and the still dimmer recess under it. Yet not a word is lost. The preacher, slightly bent and white-haired, looks on a congregation to whom he might speak as one having authority, but that is far from his mind. He speaks, rather than preaches, of wise recreation and wholesome pleasure, and then of duty. His simple, quiet words need no gesture to emphasize them, for miraculously a great power is blended with a great peace in his utterance. Here, after many years, are his concluding words :—

“ Not once or twice in our rough island story,  
 The path of duty was the way to glory ;  
 He that walks it, only thirsting  
 For the right, and learns to deaden  
 Love of self, before his journey closes  
 He shall find the stubborn thistle bursting  
 Into glossy purples, which outredden  
 All voluptuous garden roses.”

**Monday.**

Green and level grass, flags, hurdles, ropes, white lines and a fine array of chairs. Bustle ; and a steep grassy bank nearly black with boys—little, big and bigger still.

Suddenly a tall figure in the midst carrying a handful of papers, surrounded by a crowd of boys pushing, reaching, shouting for a programme. It would surprise an intruder to learn that this scrimmage is an annual affair—the first event of the Sports.

Eventually the boys get all the programmes, but not more than half the fun.

**TWEEDLEDUM AND TWEEDLEDEE.***(With apologies to all.)*

**A** FOREMAN and an Architect  
 Were walking hand in hand,  
 They wept like anything to find  
 The drains had not been planned.  
 "Why this should be," they both remarked,  
 "We cannot understand!"  
 "If fifty men with all their tools  
 Were here for half a year,  
 Do you suppose," the Foreman said,  
 "That they could lay them clear?"  
 "I doubt it," said the Architect,  
 And shed a bitter tear.  
 "Oh workmen, come and stay with us!"  
 The Foreman loudly cried,  
 "And we can dig some great big holes  
 And many a ditch beside;  
 And miles and miles in length they'll be,  
 Yards deep and four feet wide."  
 So four young workmen hurried up  
 All ready for the treat;  
 Their spades were bright, their picks were sharp,  
 Their shovels clean and neat;  
 They stood there patiently, because  
 They couldn't find a seat.  
 Four other workmen followed them,  
 Each with a spade and hoe,  
 And thick and fast they came at last,  
 And waited in a row.  
 They waited patiently to hear  
 The Architect say, "Go!"  
 The Foreman and the Architect  
 Walked on a mile or so,  
 To see where they should lay the pipes  
 Conveniently low;  
 And all the workmen followed them  
 And waited in a row.  
 "The time has come," the Foreman said,  
 "To talk of many things—  
 The roads, the gas, the tennis-court,  
 The filter-beds and springs,  
 And why, each morn and afternoon,  
 The schoolbell always rings."  
 "But wait a bit," the workmen said,

" Before we have our chat,  
 For some of us are out of breath,  
 And all of us are fat."  
 " No hurry," said the Architect.  
 They thanked him much for that.  
 " A lot of carts," the Foreman said,  
 " Are what we chiefly need ;  
 And some cement and lead besides  
 Are very good indeed—  
 Now, if you're ready, workmen dear,  
 We'll soon supply their need."  
 The weeks went by, the pipes were laid—  
 Each in its narrow bed ;  
 And now in place of every hole  
 Are mounds of earth instead ;  
 And air and man-holes too were placed,  
 One at each foot and head.  
 " Oh workmen dear, just look you here,  
 Suppose it rains and rains,  
 Do you expect," said the Architect,  
 The water through these drains ?  
 I never really thought of that,  
 But still the fact remains——"  
 " I weep for you," the Architect said,  
 " I deeply sympathize."  
 With sobs and tears he ordered up  
 Those of the largest size,  
 Holding his pocket handkerchief  
 Before his streaming eyes.  
 " It seems a shame," the Foreman said,  
 " To play them such a trick,  
 After we've laid them down so well  
 And done the job so quick."  
 The Architect said nothing, but  
 " You go and get a pick! "  
 " And did they dig them all up again ? ' Alice asked.  
 " Why, of course they did, silly," said Tweedledum ; " how could they  
 put fresh ones down while the others were there ?—contrariwise."  
 This was a puzzler.

G. BOND.

**LETTER FROM MAURICE TURNER OF H.M.S. "RAMILLIES."**

**W**HEN I was a boy on board *H.M.S. Impregnable*, Mr. Young asked me to  
 write something for the Magazine. I told him that I would rather wait  
 until I had visited foreign places.

While *H.M.S. Ramillies* was stationed with other ships at Alexandria,

George Titchener (Bradford) and myself visited Cairo. He and I put our heads together and the following is the result.

On arriving at Cairo, we noticed the difference between the classes, especially in the way of dress. While the upper wear European dress, the lower wear the native dress. All Egyptians wear the red fez.

The Citadel, which was formerly the palace of the Sultan, was the first place we visited. It is now used as a Military Hospital, but it still bears evidence of its former glory, such as paintings on the walls and ceilings, and the ancient carvings.

On the east side of the Citadel is the Mosque of the High Priest. This place of worship is highly decorated, and all the carpets are made of a special flax. The Altar is carved out of the East wall, which looks towards Mecca. We next proceeded across the courtyard, which is laid with flagstone of old Egyptian design, and entered the tombs where the high priests are buried. Each tomb at its head has a carving representing the head-dress of the priest. A spiral staircase leads to a small balcony round the spire. From this elevated spot can be seen in the north the dead city, which has been without inhabitants for five thousand years. Looking towards the west we see the Nile, and beyond it the Pyramids. Napoleon's fort is seen on the east. A common saying is that Napoleon conquered and lost Egypt in twenty-four hours. While Napoleon was in Cairo he fired two cannon balls, one of which knocked the nose off the Sphinx, while the other made a hole in the dome of a mosque.

Another interesting place at the Citadel is the Mosque of Mohamed Ali, which is lit by a thousand-globe lights and four coloured chandeliers.

The floor is covered with a soft red carpet, and the walls and ceilings with native carvings. King Fuad visits in state once a year.

Next day we went out to see the Pyramids, about four miles from Cairo. One is named Cheops, after the king who built it. It took thirty years to build and is 451 feet high and the base covers 18 acres of land. It is built of sandstone.

Lower down is the mysterious Sphinx—which has the face of a man, the head of a woman, and the body of a lion.

No one knows when it was built or by whom it was erected. In front of it are the tombs of six priests. The upper half of the wall is constructed of alabaster, while the lower half is of marble.

In the courtyard of the temple there is a secret well, into which the priest lowered a small stone basket, which brought up the sacred water with which the priest washed before giving his sermon.

Another place we visited was the Museum. Half of the articles came from Luxor, where Tutankamen's tomb is situated.

In the afternoon we watched the football match between the Army and the Navy. The Naval men were selected from ships stationed at Alexandria. The Navy won by 2 goals to 1.

In the evening we watched the Inter-Service Boxing Tournament, which the Army won by one fight.

The Zoo and the Egyptian bazaars were the chief attractions next day.

We returned by train, and arrived at Alexandria at 11 p.m., and joined our ship at midnight, and spent the next six hours in our hammocks.

MAURICE TURNER, *H.M.S. Ramillies.*

### FASHION NOTES.

It is felt that the following remarks may be of service in indicating, for the assistance of this year's debutants, the general trend of sartorial design during the coming summer.

**Sports Outfitting Dept.**—Flannels will be worn longer than last year. White will be in favour at the opening of the season, but will give place to grey about July (with deposits of other shades), and by early September a pale black will be the predominant colour. Compulsory use of whites for net practice will be discontinued.

**Boys and Young Gents.**—The suggestion that the boys of Sheffield House are to be equipped with plus-fours and bowlers may be treated with deserved contempt. Boys' clothing will, in general follow well-defined lines, with one or two changes of minor importance.

With the discarding of gloves and scarves, soap may return to temporary popularity. In place of the old-fashioned button, trousers—forgive me—will be supported by a dainty, plated device in bent wire, already in use among the more progressive of the community. The handkerchief may be seen in the hand.

**Staff and Others.**—In view of the National crisis and the frequency of Budgets, it had been feared that clothes might disappear entirely from the private economy, but the district will learn with relief that such a regrettable climax has happily been averted.

**Ladies' Wear.**—This is a matter requiring tact and some delicacy of treatment. But Yvonne, of "Ladies' Gazette," has come to our assistance.

Dainty creations in tulle, chiffon, and red flannel will be all the rage; colours will range from subdued "crème de menthe" to vivid "sauve qui peut." The new evening gowns will be worn fairly long—say until about 11 p.m. In headwear, the "crash hat" is definitely losing ground in favour of the more girlish "battle bowler."

### LATIMER HOUSE, LONDON.

**L**ATIMER HOUSE, our London Home, is still doing its share in the great work inaugurated by the Founder of Kingham Hill Homes, and sometimes we wish the Home was elastic, so that we could stretch out and do more than we are.

Just now the Home is full to its capacity, of young men who are striving to better their outlook on life in this wonderful City of London.

All parts of the United Kingdom are represented here, but lately we have dealt with many hard cases from London alone.

We often wonder if any of our readers have spent a short time on the

Embankment or in Trafalgar Square late at night, for it is there that the hard problems of life are to be found.

On many seats are to be seen young fellows, many of them mere boys, curled up trying their best to get some sleep, often in inclement weather, with nowhere else to go and no outlook whatever.

There are many devoted workers who get about among these derelicts and give them cards for, or take them to, various Hostels ; but alas! these are only temporary shelters and do not give more than temporary help.

Lately we have tried to assist by taking a few of the lads from these Hostels into Latimer, and we will digress to give an account of one or two.

"J." was found by one of these workers at night sleeping on the Embankment. He was taken to a Hostel. The worker who knew us got in touch. "J." was found a job, a very hard one, and admitted to Latimer. He kept that job for a time working well, and was subsequently found a better one with good prospects, and is now doing well.

Instances of this kind could be multiplied.

Here is another. A few days ago a well-dressed and well-spoken young man called at Latimer. He was asked his business, and seemed surprised that we did not know him. He said, "I have been wanting to call many times," and then told us who he was. He was brought to Latimer by a lady worker four years ago and admitted, found employment and remained here twelve months. As he expressed a desire for hotel work, which he thought would be more congenial, a job in an hotel was found for him, and his reason for calling at Latimer was to thank us and let us know that he is now second chef at the — Hotel, London. No wonder we did not know him.

But why go on? Could not pages of similar stories be written? Work is difficult to find in London just now, and for a young man who has no home and no work temptations are great, consequently the downward path is easy and crime among young men is increasing.

Now for the home life at Latimer.

**Presentations.**—Linal Jones, owing to his firm moving to outer London, was compelled to leave Latimer on 9th April, 1932. He was foremost in his enthusiasm for all kinds of sport, and very thorough in all that he did. He had been a member of all Committees. And to show their appreciation of his good work, the residents subscribed for and presented Linal with a silver watch and chain.

### SPORTS AND PASTIMES.

**Football.**—This last season we entered the "Troy" Cup Competition and the West London Football League.

In the former we were knocked out in the second round.

In the League, we have played 19 matches:—won 13, drawn 1, lost 5. We are now third with two more matches to play, and we are three points below the runners-up. Altogether this season we have played 25 matches:—won 16, drawn 2, lost 7.

Goals for, 96 ; against, 52. Our chief goal scorers were J. Taylor, 37 ; E. Brooks, 15 ; N. Robson, 14.

We are looking forward to our match with Kingham Hill on the 30th April.

#### INDOOR GAMES.

We have been fortunate this winter with our Indoor Games.

We have two Billiard Tables, and during the evenings they are seldom vacant. Many of our lads can be seen trying to emulate Newman or Lindrum. We have just completed our second Billiard Handicap, and after an exciting start J. Moran ran out the winner.

**Table Tennis.**—The installation of a fine new table has further stimulated the already keen interest taken in this section. An open Championship Tournament was recently held and provided some very good games. After several close encounters, E. Lane and D. Davies reached the final. This was played before a large crowd of enthusiastic supporters. E. Lane displayed consistently good form ; whilst D. Davies started rather shakily, though in the later stages he played well to provide an exciting finish. Lane won a well-deserved victory by the narrow margin of 3 points, the scores being 51—48. It is interesting to note that E. Lane has now been Champion of Table Tennis for four years. We believe this to be something of a record.

**Gymnasium.**—This has been completely refitted, and gym. nights are eagerly awaited by an ever-increasing number of devotees of the “Bonnie Britons” Movement.

The new punch ball has rendered yeoman service, and those with a grievance to air promptly seek the punch ball, which acts as an extremely useful safety valve.

An interesting side line of gym. activities is the “running pack,” which with the long summer evenings will enter into its own again. Soon one will see many a Latimerite appropriately attired in running shorts and vest doing the Inner Circle of Regent’s Park in Olympic style.

**Tennis.**—Enthusiasts of this excellent game are impatiently awaiting the opening of what augers to be a very successful season. Whilst this section has only been in existence less than a year, its numbers are steadily growing. We are very fortunate in being able to play on the Courts in the Square, and the grass, having wintered well, looks to be in extremely fine condition.

**Cricket.**—So far we have forty matches arranged for the coming season. We have again entered for the Regent’s Park Competition, and are looking forward to a very successful season.

In conclusion, we would like to thank the members of the various committees for their zeal and interest in the work of Latimer, without which loyal support the smooth running of the Home would be endangered.

TWO BLUES.

**CANADIAN OLD BOYS' ASSOCIATION.**

**O**UR Association sends greetings to all readers, and trusts all are thriving and happy.

I can hardly realize that May is upon us and that the Magazine will soon be published. The October issue was exceedingly good and enjoyed by the Boys resident in Canada. The photographs reminded us of our good old school days, of the many bad deeds as well of the good ones which took place at that period. "Enough said," Brother, "boys will be boys."

The news of the death of the Rev. W. Mitchell-Carruthers was received with deep sorrow by all our Boys, and although many of us had never met him, yet we loved him because we knew that his heart and soul was in that great work of Love which has done so much to mould and shape our lives. Our prayers are that God will fill the gap and abundantly bless the Trustees and Staff in their work on Kingham Hill.

Since the last issue of the Magazine we have held our Memorial Service in memory of our beloved Founder. Sixty-three of our members were present, which was a very good number considering the distance many of our Boys are from Woodstock. We had a very uplifting and inspiring time together.

Brother Edward Fassam led in prayer, Brother Herbert Hodgkins read the portion of Scripture, and a brief but helpful address was given by Brother William Adams.

As usual, the Rev. J. Morris was with us and gave an inspiring and impressive sermon, which I am sure will long live in our memory. We sang the hymns that we learned on the Hill in the good old style (all stops out), Numbers being 472, 240, 932, 531.

May I again, on behalf of our Association, thank our Trustees for the Magazine, which does so much in binding former and present residents together in brotherly love.

PERCY FITZGERALD, *Hon. Secretary.*

I was very pleased to receive a copy of the October issue of our Magazine. It makes one feel that, instead of being over three thousand miles away, they are back again on the Hill.

The Hill lost a good friend when our late Chaplain, the Rev. W. Mitchell-Carruthers died. We in Canada feel that we have lost one who was so dear to us, and we will not forget him or his work.

We are hoping that each year will bring a larger gathering to our annual Memorial Service to our Founder.

It is good to see the names of old friends in the Magazine, and it means a great deal when you read of those who sat next each other in the School and the Chapel, who lived in the same House, and wandered o'er the meadows and played games together.

I am pleased to think that our Hill team is once more entered in the Oxford Junior League, and feel sure they will do well; so will look forward to great news in our next issue.

One is pleased to know that the same old spirit is being shown by the present boys in the Houses, and that the honour and good name of the Hill is upheld.

As a former member of Kingham Hill Boy Scouts (Eagle Patrol), I was very pleased to read how well they are carrying on, and tender them my best wishes and wish to say how proud I am of being a Scout. My elder brother was a Patrol Leader and made a very good one too.

Very pleased to hear that there has been formed a Cub section. Bravo, Youngsters!

I am looking forward to our next number of the Magazine.

How I would dearly love to see Kingham Hill Football Team in action on the old field?

I hope a photo of them will find its way out here—and a “Cup” too in the picture!

EDWARD FASSAM (Swansea).

### MEMORIAL.

Gus Bartrum (one of our Old Boys of Windsor, Ontario) passed away very suddenly. Our deepest sympathy goes out to his wife and family. May God be very precious to them in this trying time.

Gus was a credit to Kingham Hill, and was highly respected by all in our Association. We feel a gap has been made in our Brotherhood that will be hard to fill.

We regret to announce the death of Mrs. J. Doyle, the wife of one of our Old Boys (Swansea).

We offer our deepest sympathy to Jim and family in their sad bereavement and trust that God will comfort them.

We are very sorry to hear of the continued illness of the Rev. W. Fisher, which has entailed his resignation of the living of Kingham. We are sure that many Old Boys will join us in trusting that, with complete rest, he will regain good health.

### FROM HERE AND THERE

We were pleased to hear of the safe arrival of S. G. Meacher (Sheffield), from Egypt.

It was indeed sad that the home-coming was marred by the death of his only son, which took place, as the result of an accident on board ship.

Our deepest sympathy goes out to him and his two daughters in their great loss.

We heartily wish him well in his new post at the Duke of York's School, Dover.

We give a hearty welcome to Miss Bambridge on taking charge of Durham House which is now re-opened.

May God abundantly bless her work with the lads.

Our sincere congratulations are offered to the Rev. G. F. Graham Brown, whom we look upon as a sincere friend of Kingham Hill, on his appointment to the Bishopric in Jerusalem.

---

Another link with the past is severed by the retirement of our baker, Mr. Wearing, affectionately known to all as "Bill."

We tender him our best wishes and hope he may have good health to enjoy many years of comfort and ease.

He is succeeded at the Bakehouse by his nephew, Mr. Taplin

---

We are grateful to all those who have so kindly assisted in the Services in our Chapel since the death of our dear friend the late Rev. W. Mitchell-Carruthers.

Especially do we thank the Rev. E. G. Bowring, M.A., who has come to us many Sundays and administered the Holy Communion.

Among others have been Mr. R. Hinde, of the Railway Mission, Rev. W. Scott, Rev. Hallam Viney, Rev. G. F. Graham Browne, Rev. R. de Pemberton, Mr. E. C. Atkins and Mr. J. Hughes.

We owe a debt of gratitude to our Headmaster who has arranged and taken so many of our Services.

---

We are delighted to announce that the Rev. Roger de Pemberton, Curate of Reigate Parish Church, has accepted the Chaplaincy of Kingham Hill.

We have already got to know him through the pages of that excellent Magazine the "Pathfinder" and so are looking forward to his coming with great pleasure.

---

We tender to the Rev. C. R. Forrester our best wishes on his ordination as priest at Cuddesdon, on Trinity Sunday.

---

We are now sending a considerable number of Magazines to Old Boys and it would be nice to be assured that they are received and appreciated. Would each recipient kindly acknowledge by Post Card or otherwise.

---

An excellent suggestion by H. Silver is that the names of all Old Boys mentioned in the Magazine that the years of residence on Kingham Hill be attached as (W. ———, Sheffield House, 1891—1897).

---

**If any recipient of this Magazine changes his address, he must at once communicate his new address, if in Canada, to Mr. Davidge, or Mr. Fitzgerald; all others to Mr. Scarfe, Kingham Hill, Kingham, Oxon.**

In affectionate memory of the  
**Rev. William Mitchell-Carruthers, M.A.,**  
an Original Trustee  
and for 11 years Chaplain at Kingham Hill,  
died 13th September, 1931.

"With Thee is the Fountain of Life: and in Thy Light  
shall we see Light." *Psalm 36-9.*

This Tablet is placed here by his Co-trustees and the  
Staff and Boys, past and present, in remembrance of  
a dear friend.

*The above is a suggested Memorial to our late Chaplain.  
It is a Brass Plate with a suitable border, mounted on Oak and  
will cost about £20.*

*Any subscriptions, however small, will be gratefully received  
by Messrs. T. W. Scarfe and F. G. Goddard, Kingham Hill, Oxon.*

*Bishop Taylor Smith has kindly promised to dedicate it  
during "August" week.*
